EXPERIENCE

Nearcut, London(Remote) - Software Engineer

January 2022 - PRESENT

- Overhaul the onboarding experience using view components, stimulus and form objects, increasing the percentage of customers finishing sign up and setting up their system from 35% to 85%.
- Overhaul the add a barber flow and add an appointment flow. Reduced time taken to finish the flows by 60%.

BlueSapling Technologies, Bengaluru(Remote) - Tech Lead

June 2019 - December 2021

- Manage all the engineering efforts of our company's own product, leading a team of 7 bright individuals.
- Architect, design and deploy multiple modules including Advanced Reporting, Custom fields, Tally Integrations, Improved Calculations, Internationalization, etc. Also, manage the previously mentioned Loyalty Platform.

BlueSapling Technologies, Bengaluru - Senior Developer

May 2018 - June 2019

- Architect and implement a React Native project using Redux with immutable-js, Typescript, while integrating Camera, native navigation, WebView with custom form handling, Animations, app layer caching, etc.
- Design and build a microservice based Loyalty Platform built in Ruby on Rails, NodeJS, React and React Native.

Zuper GmbH, Berlin(Remote) - Android Developer

May 2017 - May 2018

- Upgraded the entire architecture of the application, which added Dependency Injection, Repository Pattern(adding multiple caching layers), MVVM, data binding, modularisation, Kotlin(reduced LOC by 25%), etc.
- Improved the testing layer, increasing coverage to 70% from earlier 15% while also adding CI/CD to the project. This along with the architectural upgrade reduced the number of customer facing issues by 85%.

Loktra, Bengaluru - Software Engineer

July 2016 - May 2017

- Sole developer managing multiple apps while going through multiple pivots.
- Went through the entire SDLC multiple times while working on location tracking, GPS, maps integration using custom markers and path animations, a custom fragment stack manager to handle bottom navigation and many more exciting things.
